

Dear Parents

With the holidays fast approaching, your children are thinking about presents. Not just the ones they will receive, but also the ones they will give. While it's usually easy for you to surprise your child with that "special" gift, children don't always have that opportunity. Wouldn't it be great for your child to do his/her shopping without mom or dad looking on? We think so, too.

The **Seacoast Santa Shop** is coming soon. This is a program designed for your child to do his/her holiday shopping in the safest environment possible – at school. The Seacoast Santa Shop will allow your child to buy gifts for family, friends, and teachers. There will be over 100 gifts from which to choose.

A **Seacoast Santa Store** budget envelope will be sent home prior to the shopping days. This will allow your child to make gift purchasing and budgeting decisions while giving you the opportunity to teach budgeting skills and the joy of giving.

The **Seacoast Santa Shop** gives children a feeling of independence as they shop in a secure setting with their own money. A special shopping session for parents and others will also be scheduled. Please remember that this will also raise much needed funds for your child's school.

We are excited to offer this experience to you and your child.
